Question #1: Are we restricted to the current ROW for our design plan for the MDOT US 90 from SR 609 to Dolphin Drive Expression of Interest?

Answer: We expect to acquire a small amount of additional right of way.

Question #2: When submitting the EOI for this submittal, can a project understanding / approach be included in an appendices and not included in the 25pg count, or does it need to be included for a response to Item 5?

Answer: Per the Legal Notice, "The resumes, SF-330 Part II, proof of State Licensure and certificates requirements, and other information not relevant to the requirements should be included in the appendices. The Consultant's cover letter, table of contents, summaries and introductions, team organizational chart, past performances, & responses to the evaluation criteria should be included in the 25 pages."

In addition, the Legal Notice specifies the following: "The Department will evaluate the Expressions of Interest based on the following factors listed in their relative order of importance: Experience, performance, and qualifications of the team's staff; Consultant's (and any subconsultant's) past experience, performance, and qualifications on Roadway Design Projects with MDOT and/or other clients; Consultant's past performance and experience in achieving agreed project delivery schedules; Consultant's (and any subconsultant's) past experience, performance, and qualifications on Traffic Engineering Projects with MDOT and/or other clients; Location/proximity of the consultant's (and any subconsultant's) office(s); and Quality of Proposal."
